

Edge C Quarter One Test Study Guide

**** Remember:** The test is **OPEN NOTE**, but notes must be in your own handwriting. No example sentences for vocabulary can be the same as anyone else's -- if so, **BOTH** students will get a **ZERO**.

**** Tests can always be RETAKEN** for a higher score.

Vocabulary:

- Remember that you need an edited, two-clause sentence for each word. We wrote these together in class with sentence frames -- come in at lunch if you need help writing these or want me to edit your sentences before the test! **NO TWO SENTENCES CAN BE THE SAME, AND THEY CANNOT BE COPIED FROM THE INTERNET OR ANYWHERE ELSE. IF SO, YOU WILL GET A ZERO!**
- You will also be matching words to blanks in a paragraph on the test. For this, your notes should explain the meaning of each word in a way that makes sense to you so that you can use context clues from the paragraph to figure out where to put each word.
- **Words:** Accusation, ambitious, assert, discordant, expectation, inevitable, prodigy, reproach
